**Initial Grunwald Center Provisions**  
**UCLA Acceptance of Gift**

TO THE REGENTS OF THE UNIVERSITY OF CALIFORNIA:

I have brought together a substantial collection of prints in the graphic arts. I am told that this collection would add most significantly to the art resources available for teaching and cultural purposes on the Los Angeles Campus. For this reason and because I believe that the Los Angeles Campus is an appropriate place for the effective use of art materials, it is my intention ultimately, and subject to the conditions below set forth, to give my collection or a substantial part thereof, to the Regents of the University of California for the use and benefit of the Los Angeles Campus. This I propose to do by partial gifts annually of such numbers or of such valuation as I, in my sole discretion, shall determine after consulting with the Department of Art on the Los Angeles Campus, and by a provision in my will to assure completion of the plan. The following conditions shall apply to all gifts of graphic art prints and related literature which I have heretofore made and hereafter make to the Los Angeles Campus:

1. The collection shall always be known as "The Grunwald Graphic Arts Foundation."
2. It is the intent of the donor to create a center where graphic art prints on the Los Angeles Campus may be catalogued, properly housed when not in use elsewhere, and displayed as needed for instructional or cultural purposes. It is my hope that others may be encouraged thereby to contribute graphic art prints for this purpose. The Regents shall house the collection on the Los Angeles Campus in a room assigned to the Art Department to be identified in an appropriate manner as "The Grunwald Graphic Arts Foundation."
3. All graphic art prints which I shall give to the Los Angeles Campus shall be appropriately marked or identified with the words "The Grunwald Graphic Arts Foundation," and other graphic art prints acquired by the Regents or given by others for that purpose may be added to the collection when so appropriately identified.
4. Dear Mr. Grunwald:

It was a rare privilege to report to the Regents at their June 22 meeting your magnificent gift which made possible the establishment on the Los Angeles campus of The Grunwald Graphic Arts Foundation. In advance of the Regents' formal expression of gratitude, I would like to convey to you my profound personal appreciation for your monumental contribution.

It is a unique privilege to provide facilities to display one of the most significant collections of prints in existence. On considering the careful, patient and dedicated efforts which were integrals in bringing together a collection of such proportions, my emotion is one of deep humility.

This expression of faith in the University by an alumnus offers a profound satisfaction. Your generous provision permitting outside showings of the collection reflects a dedication to the cause of education which is indeed rare in our time. The many expressions of enthusiasm and gratitude from members of the staff who have heard of your gift are reflective of the incalculable value of your contribution in terms of research opportunity and study, as well as University prestige.

Your decision to offer this collection to the University is a truly significant climax to your many benefactions over the years.

Yours sincerely,

Robert G. Sproul
